March 3, 2017

Kelly Allen, Manager  
Regulatory Affairs Department  
Rover Pipeline LLC  
1300 Main Street  
Houston Texas 77002

**Re: Notice to Proceed with Construction**

Dear Mr. Allen:

I grant your February 3, 2017 request for Rover Pipeline LLC (Rover), Panhandle Eastern Pipe Line Company, LP (Panhandle), and Trunkline Gas Company, LLC (Trunkline) to commence construction of the Rover Pipeline and Panhandle and Trunkline Backhaul Projects, with the exceptions listed below. This letter authorizes use of all access roads associated with the Rover Pipeline Project not previously authorized in our February 13, 2017 letter. In considering this notice to proceed, we have reviewed your Implementation Plan, as filed on February 3, 2017, and its supplements<sup>1</sup>. The Implementation Plan and your supplements included the information necessary to meet the pre-construction conditions of the Commission's February 2, 2017 *Order Issuing Certificate* (Order) in the above-referenced dockets. In addition, we have confirmed the receipt of all federal authorizations relevant to the approved activities herein.

---

<sup>1</sup> The request was subsequently supplemented on February 6, 7, 8, 9, 13, 16, 17, 21, 24, 27, 28, and March 1, and 2, 2017.

This letter does **not** authorize construction within:

- any of the workspace variances identified in Rover's February 3, 2017 Implementation Plan (associated with workspace shifts or pipeline realignments);
- 500 feet of cultural resources site numbers 33ST1088 and 33WE662;
- the Pinckney Recreation Area; and
- workspaces and route revisions required by environmental conditions 13, 14, and 45 of the Order.

I remind you that Rover, Panhandle, and Trunkline must comply with all applicable remaining terms and conditions of the Order.

Sincerely,

Rich McGuire, Director  
Division of Gas – Environment  
and Engineering
