### 2016/2017 WORK PLAN SURVEY

---

It's good to have goals! This work plan is intended to act as the Planning Commission's recommendations to the Township Board and identifies the goals for the Planning Commission and the Planning and Zoning Department and builds on the 2013, 2014 and 2015/2016 work plans. Some items are not intended to be ranked but serve as a record of desired actions or areas identified as needing attention.

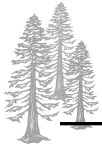

*Staff has prepared this draft work plan in order to receive input from Planning Commissioners. This input will be used to revise the work plan. Please feel free to add items you feel the Planning Commission or Planning and Zoning Department should attend to over the next two years. The number included in this draft is solely intended to aid in discussion.*

### ZONING ORDINANCE TEXT AMENDMENTS

---

There are numerous areas of the current Zoning Ordinance, enacted in 2003, that need attention. Extensive revisions were identified as part of the 2013 work plan in order to make the Zoning Ordinance more user-friendly, remain consistent with state and federal law, advance the Master Plan, and better reflect the community. The Zoning Ordinance Review Committee (*aka "Pizza Club"*), a group of Board of Trustees members, Planning Commissioners, Zoning Board of Appeals members, and staff, has been working on revisions to the Zoning Ordinance since spring 2013. Several amendments to the Zoning Ordinance have already been enacted as part of this process, including the Zoning Board of Appeals and Sign Articles.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year

## MASTER PLAN REVIEW

The Master Plan is intended to guide Township decisions concerning land-use decision and other actions. The current Master Plan was adopted in 2011. State law requires review of master plans at least once every five years. While a major revision does not appear necessary at this time, it will require Planning Commission attention this year.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year		
1) Determine Master Plan review process.	High	2016 2017

## CODE ENFORCEMENT

Without effective code enforcement, Township Ordinances exist only on paper and cannot appropriately achieve their goals. As noted in recent annual reports, the Township's code enforcement has significant room for improvement. Improvements are necessary to ensure timely, appropriate, and equal action in all cases.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year
1) Adjust and revise code enforcement processes and tracking mechanisms.	High	2016

## TOWNSHIP ORDINANCES

There are several Township Ordinances related to planning, zoning, and land use that should receive attention following adoption of the (*new*) Zoning Ordinance. Review would focus on eliminating any conflicts within and between ordinances and ensuring that the ordinances are easy to understand and use.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year
1) Review and revise Private Roads Ordinance and incorporate into Zoning Ordinance, if appropriate.	High	2016

### CAPITAL IMPROVEMENT PLAN

Dexter Township is required to have a capital improvement plan. This plan will help with long-term budgeting and ensure that the infrastructure and facilities that the Township maintains remain in good condition. Individuals have been appointed to a committee to develop the capital improvement plan. Several meetings were held in 2015, but no action was taken.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year
1) Prepare and adopt a simple capital improvement plan.	High	2016

## FEE SCHEDULE AND FORMS

Application forms and the fee schedule are the gateway to a new project. They should help the applicant and the Township and accurately reflect the Township's cost to process an application. With the upcoming revision of the Zoning Ordinance, many of the forms will need revision.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year
1) Develop Administrative Adjustment forms.	High	2016

## COMMUNITY OUTREACH

Despite the fact that Dexter Township has had zoning for over 40 years, planning and zoning remains a mystery for most people. Increased outreach will help reduce confusion and (hopefully) reduce the number of violations while engaging citizens in a productive manner.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year

## TRANSPORTATION IMPROVEMENT COMMITTEE

Dexter Township is not responsible for maintenance of public or private roads within the Township, but it does provide resources to the Washtenaw County Road Commission and to some private roads for improvements or maintenance. A Transportation Improvement Committee will be able to gather data and make recommendations for responsible investments in the transportation system.

*In the table below, please circle a priority level for each item and a year or years in which you think that item should receive attention. Feel free to add additional items or make other suggestions.*

Description	Priority Level	Year
